Church Brothers, LLC- Statement Regarding Recent Cyclospora Illnesses

Church Brothers, LLC is aware of the recent reports of Cyclospora illnesses occurring in several states and is closely monitoring information released by regulatory agencies and industry organizations.

At this time, Church Brothers has not been contacted by any regulatory agency regarding this outbreak, and there is no indication that products supplied by Church Brothers are associated with the reported illnesses.

Based on the information currently available, no specific food vehicle has been identified. The reported illnesses appear to be geographically clustered, and the investigation remains ongoing.

Based on our review of the available information and our current sourcing, there are no identified risks associated with products supplied by Church Brothers, LLC. We continue to maintain robust food safety, supplier verification, and traceability programs and remain prepared to take immediate action should new information become available.

Church Brothers is committed to providing safe, high-quality produce and will continue to monitor this situation closely while maintaining open communication with our customers.

Sincerely,

Church Brothers, LLC
