RUE & FORSMAN RANCH

LOCAL RICE

SHORT GRAIN WHITE RICE

Rue & Forsman Ranch was founded in 1946 just south of **Marysville, CA** by Frank Rue and John Forsman. In 1974, Frank's son, Michael Rue, decided that the clay soils on the ranch would be good for rice production. In order to produce the highest quality rice possible, each step is carefully controlled from the day the rice is planted until it is milled and delivered to customers. All of their rice varieties are source identified and are fully traceable back to the fields where they were grown. Rue & Forsman Ranch partners with The Nature Conservancy and other conservation groups to provide optimal habitat for migratory birds and other wildlife that call the ranch home.

- **White Short Grain Rice** (25# bag)- soft moist texture and a nice sticky texture from the short grains. The grains stick together when cooked and the rice maintains plenty of moisture.
- **Brown Short Grain Rice** (25# bag)- soft moist texture with a slight crunch and pleasantly nutty flavor. As this is a brown rice product, the flavor will be nuttier and there will be some texture from the intact rice bran.
- **White Long grain Rice** (25# bag)- wonderful fluffy texture when cooked and a mild pleasant taste that serves as an great addition to any dish.

CARROT VARIETIES

Carrots are a root vegetable that come in many shapes, sizes and colors. All carrots have a sweet flavor with earthy undertones. The smaller the carrot, the sweeter and juicier. Depending on the variety and season, Produce Express sources carrots from local farms including **Capay Organic, Babe Farm, Riverdog Farm, and Full Belly Farm**. We offer an array of carrots to satisfy a variety of culinary applications.

- **Jumbo Carrots** (25# bag or per pound)- orange color, 8-10" long with a wide diameter. They are sweet, crunchy, and best when cooked. They are often used as a **utility carrot** for chopping, slicing, roasting, soups, stews and stocks.
- **Rainbow Carrots** (25# bag)- multi-colored (red, purple, orange, white, yellow); 8-10" long. They are somewhat sweeter as the color gets darker. Best when roasted, boiled, steamed, or sliced for soups and stews.
- **Clip Top Carrots** (50# bag)- uniform in size, length and diameter. Clip tops are sweet, crunchy, skinny, soft and juicy. Their **uniform size** makes them easier to peel, grate, pickle and cut.
- **Nantes Carrots** (24ct case)- orange color, medium sized and rounded from the top to the tip with minimal tapering. Nantes are known as the perfect carrot for their taste, smooth skin and a nice tender crunch. They can be used in any application where generic carrots are used.
- **Ice Bunched Carrots** (24ct case)- orange color with green tops still attached. Ice Bunched carrots are a bit younger with a smaller core which makes them **sweeter and softer**.
- **Baby Bunch Carrots** (24ct case or per bunch)- a "true baby carrot" grown to be harvested as immature carrots. They are sweeter than full size carrots and have a **more delicate and tender texture**. They are 3-4" long, orange colored with green tops still attached. May be enjoyed raw, grilled, roasted, or sautéed.
- **Baby Bunch Mixed Carrots** (24ct case)- multicolored purple, maroon, white, yellow, and orange with green tops still attached. They are 3-4" long.
- **Baby Round Carrots** (24ct case)- also known as "Thumbelina carrots"; 1.5-2" round and orange in color with the green tops still attached.
- **Peeled Baby Carrots** (5# bag only)- skin and greens removed leaving only a small bit of green stem.
- **Peeled Mixed Baby Carrots** (5# bag only)- multi-colored with skin and greens removed leaving a small bit of green stem.
- **Mini Carrots** (1# bag or 30/1# case) / **Carroteeni** (200/1.3oz bag case) / **Snack Pack** (100/2.6oz bag case)- great for salad bars, grab and go counters, and schools.
